

Blanka

For young children
(who haven't written their own name),
please write their name in the
top left corner. This name will be
typed onto the back of the card.

The artwork should go in the bottom square

The top strip is for the self portrait and name.

Measure 9 cm down your page

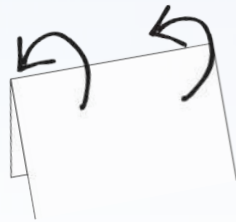

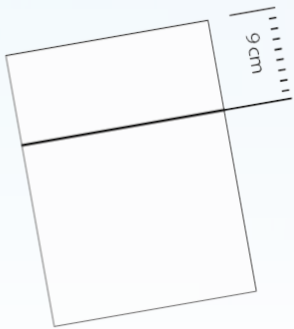

The Dandy Arthouse

ART INSTRUCTIONS.

★ Start with a blank piece of white A4 paper, the heavier the paper the better.

★ Create a square at the bottom of your paper by measuring 9cm from the top and folding that section back.

The artwork should go in the bottom square and the top strip is for the self portrait and name.

SOME TIPS FOR YOUR DANDY ARTWORK...

The brighter and bolder the colours the better!

Try and cover the majority of the white space with colour.

Paints, tissue paper, collaging with different materials and finger painting will all make fantastic artwork.

A FEW THINGS TO AVOID...

- ★ **No pencil** or pencil crayons or light watercolours as these won't show up when printed.
- ★ **No fluorescent colours**, these can't be printed and so will not reproduce well.
- ★ **No bulky items**, these will create shadows on your artwork when scanned or photographed.

AND YOUR DANDY PORTRAIT...

The self portrait and name will be printed on the back of the card so the bolder the better.

- ★ **Please use a thick bold marker pen - no pencil or biro**
- ★ Colour works great here too - get creative with the felt tips!
- ★ Please try and keep the top section free of smudges.
- ★ If the child is too young to write their own name please clearly print their full name at the top left hand corner as shown.
